## CHABAD MIKVAH TAHARA

---

Five years, Chabad Israel Center broke ground on new, luxurious, state of the art women's mikvah to increase the observance of the Jewish laws of marriage and family, Taharat Hamishpacha. This will be the first mikvah to serve the 500 families in the area. With the combination of a beautiful mikvah, personalized attention, education and outreach, our goal is to reach 50 couples to encourage them to keep this foundational mitzvah and bring holiness and purity to their families and Jewish people. The mikvah is almost ready. Please partner with us so we can complete the FINISHING TOUCHES and open the door!
